

Inral CHROME spray paint

Acrylic decorative spray varnish with metallic effect, fast drying. For metal, wood, glass and plastic surfaces. Special optical properties and the unique composition of INRAL CHROME paint guarantee high color durability and uniformity, even surface and beautiful metallic sheen. The painted surface looks attractive for a long time.

Area of use:

For painting metal, wood, glass and plastic surfaces.

Advantages:

- Fast drying with effect of high metallic gloss
- Colours: silver, gold "24-carat", copper
- Excellent adhesion
- Does not contain lead and chromate compounds
- Does not include substances that affect the ozone layer

Spray passes:

1-2 cross layer, spraying distance: 30 cm.

Drying times:

- Touch dry: about 7 min.
- Other layers: after 7 min.

Yield:

2 m² (from one 400 ml. can, one layer).

Usage:

Wipe and degrease the surface. Shake the can vigorously for 1 min. Spray evenly on the surface at a distance of 30 cm. Most effective when applied as a thin coat, with breaks, in several layers. When finished, turn the can upside down and clean the pulveriser by holding it down for a few seconds.

Base:
acrylic

Package:
400 ml

Safety data sheet:
