Safety data sheet according to 1907/2006/EC, Article 31

Printing date 01.10.2021

Version number 1

Revision: 01.02.2021

SECTION 1: Identification of the substance/mixture and of the company/ undertaking

1.1 Product identifier

- · Trade name: Fome Flex Fast Fix Glue 60 Seconds
- 1.2 Relevant identified uses of the substance or mixture and uses advised against Assembly foam
- · Application of the substance / the mixture Construction chemicals
- · 1.3 Details of the supplier of the safety data sheet
- Manufacturer/Supplier:
- **UAB TEGRA STATE**

Savanoriu ave 178A, LT-03154 Vilnius, LITHUANIA

- · Tel.:+37052661167
- · www.tegrastate.eu
- · E-mail: info@tegragroup.eu
- · 1.4 Emergency telephone number: European emergency number: 112 (24h)

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

[•] Classification according to Regulation (EC) No 1272/2008

Aerosol 1

GHS02 flame

H222-H229 Extremely flammable aerosol. Pressurised container: May burst if heated.

GHS08 health hazard

· · · · · ·			
Resp. Ser	ns. 1 H334	May cause allergy or asthma symptoms or breathing difficulties if inhaled.	
Carc. 2	H351	Suspected of causing cancer.	
STOT RE	2 H373	May cause damage to organs through prolonged or repeated exposure.	
	GHS07		
Acute Tox	. 4 H332	Harmful if inhaled.	
Skin Irrit. 2	2 H315	Causes skin irritation.	
Eye Irrit. 2	H319	Causes serious eye irritation.	
Skin Sens	. 1 H317	May cause an allergic skin reaction.	
STOT SE	3 H335	May cause respiratory irritation.	
Labelling	-	to Regulation (EC) No 1272/2008 d and labelled according to the CLP regulation.	

(Contd. on page 2)

(Contd. of page 1) · Hazard pictograms GHS02 GHS07 GHS08 Signal word Danger · Hazard-determining components of labelling: diphenylmethanediisocyanate, isomers and homologues · Hazard statements H222 Extremely flammable aerosol. H229 Pressurised container: May burst if heated. H332 Harmful if inhaled. H315 Causes skin irritation. H319 Causes serious eye irritation. H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled. H317 May cause an allergic skin reaction. H351 Suspected of causing cancer. H335 May cause respiratory irritation. H373 May cause damage to organs through prolonged or repeated exposure. Precautionary statements P102 Keep out of reach of children. P260 Do not breathe gas. P271 Use only outdoors or in a well-ventilated area. P280 Wear protective gloves/protective clothing/eye protection/face protection/hearing protection. P302+P352 IF ON SKIN: Wash with plenty of water. IF INHALED: Remove person to fresh air and keep comfortable for breathing. P304+P340 P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P308+P313 IF exposed or concerned: Get medical advice/attention. P501 Dispose of contents/container in accordance with local/regional/national/international regulations. Additional information: As from 24 August 2023 adequate training is required before industrial or professional use. Further information at: www.feica.eu/PUinfo Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Do not spray on an open flame or other ignition source. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Persons already sensitised to diisocyanates may develop allergic reactions when using this product. Persons suffering from asthma, eczema or skin problems should avoid contact, including dermal contact, with this product. This product should not be used under conditions of poor ventilation unless a protective mask with an appropriate gas filter (i.e. type A1 according to standard EN 14387) is used. EUH204 Contains isocyanates. May produce an allergic reaction. · 2.3 Other hazards Results of PBT and vPvB assessment · **PBT:** Not applicable. · vPvB: Not applicable. (Contd. on page 3) GB

Additional information: For the wording of the listed hazard phrases refer to section 16.

SECTION 4: First aid measures

• 4.1 Description of first aid measures

After inhalation:

Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms persist.

After skin contact:

Remove uncured foam using a piece of cloth and an unagressive solvent, e.g. ethanol. Wash your hands and the cleaned skin surface using soapy water. Cured foam can be removed mechanically with the use of a brush, soap and plenty of water. Use protective cream after skin surface has been cleaned.

After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor.

After swallowing:

Do not induce vomiting; call for medical help immediately.

Rinse out mouth and then drink plenty of water.

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information available.

(Contd. on page 4)

(Contd. of page 3) • **4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

SECTION 5: Firefighting measures

- · 5.1 Extinguishing media
- Suitable extinguishing agents:
- Carbon dioxide.
- Fire-extinguishing powder.
- Foam.

Use fire extinguishing methods suitable to surrounding conditions.

Water spray.

- For safety reasons unsuitable extinguishing agents: Water with full jet.
- **5.2 Special hazards arising from the substance or mixture** Can form explosive gas-air mixtures.

Can form explosive gas-air mixtures.

- Formation of toxic gases is possible during heating or in case of fire.
- 5.3 Advice for firefighters
- [•] Protective equipment:
- Wear fully protective suit.
- Wear self-contained respiratory protective device.
- Additional information Cool endangered receptacles with water spray.

SECTION 6: Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures
- Keep away from ignition sources.

Wear protective clothing.

Ensure adequate ventilation.

- 6.2 Environmental precautions: Do not allow to enter sewers / surface or ground water.
- 6.3 Methods and material for containment and cleaning up:

Uncured foam adheres easily, hence it should be removed with caution. Remove instantly using a piece of cloth and solvents, e.g. acetone, alcohol. Remove cured foam mechanically. Dispose contaminated material as waste according to item 13.

- Ensure adequate ventilation.
- 6.4 Reference to other sections See Section 13 for disposal information.

SECTION 7: Handling and storage

[•] 7.1 Precautions for safe handling

- Ensure good ventilation / exhaustion at the workplace.
- Open and handle receptacle with care.

Do not pierce or burn even after use. Use only as directed on the label.

Do not mix with any other chemical products.

- Information about fire and explosion protection:
- Do not spray onto a naked flame or any incandescent material.
- Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C, i.e. electric lights. Do not pierce or burn, even after use.
- Keep ignition sources away Do not smoke.
- Protect against electrostatic charges.

-	2 Conditions for safe storage, including any incompatibilities torage:
	equirements to be met by storerooms and receptacles:
	oserve official regulations on storing packagings with pressurised containers.
	is product is subject to regulations governing the storage of highly flammable aerosol products.
	orage rooms should be equipped with heat and smoke detectors.
	ectrical equipment should be explosion-proof.
	ore in a cool location.
	formation about storage in one common storage facility:
	o not store together with acids.
	o not store together with alkalis (caustic solutions).
	ore away from reducing agents.
	ore away from oxidising agents.
	ore away from foodstuffs.
	ore away from plastic, rubber, aluminum, light-metals.
	urther information about storage conditions:
	ore receptacle in a well ventilated area.
	ore in vertical position in closed original containers.
	otect from frost.
Sto	ore at temperature from +5°C to +30°C.
	ore under lock and key and out of the reach of children.
	otect from heat and direct sunlight.
	3 Specific end use(s) No further relevant information available.

[·] 12.7 Other adverse effects

• Additional ecological information:

[·] General notes:

Water hazard class 1 (German Regulation) (Self-assessment): slightly hazardous for water.

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

[.] Recommendation

Must not be disposed together with household garbage. Do not allow product to reach sewage system. Do not allow to enter surface or ground water.

Dispose of in a safe manner in accordance with local / national regulations.

Assigning a code from the waste catalogue depends on the sector, in which the user operates, as well as on arrangements made between the waste generator and a competent environment protection department.

European waste catalogue

15 01 11* metallic packaging containing a hazardous solid porous matrix (for example asbestos), including empty pressure containers

[•] Uncleaned packaging:

• Recommendation: Disposal must be made according to official regulations.
