TECHNICAL DATA SHEET

INRAL CAMOUFLAGE spray paint in standard military colours

INRAL CAMOUFLAGE spray paint in standard military colours with matte surface. Ideal for DIY enthusiasts, craftsmen, hunters, fishermen and industrial users. Can be used as a single colour or to create patterns of 2 to 4 colours. Can be sprayed according to a stencil or freehand. Fast drying, UV and weather resistant and excellent surface coverage.

Application

High-quality spray paint in exact colors according to RAL. Can be applied to a wide range of surfaces such as metal, wood, glass, stone, paintable plastic and paper surfaces

Advantages

- · Standardised colour tones acc. to RAL
- Wide range of standard military colour shades
 - High coverage
- Fast drying
- Weatherproof, for indoors and outdoors
- Easy to use and apply
- · Ideal for DIY enthusiasts, craftsmen and industrial users

Spray passes

2-3 cross layers, spraying distance: 20 - 25 cm

Drying time

- Dust free: in around 10 min.
- Touch dry: in around 20 min.
- Complete dryness: in around 10-15 h.

Coverage

2 m2 (from one 400 ml. can, one layer).

Usage

Base: Nitro-synthetic

> Package: 400 ml

Clean and degrease the surface. It is recommended to coat the surface with INRAL NITRO Primer and plastic surfaces with INRAL PLASTIC GROUND. Shake the can vigorously for 2 min. Spray evenly over the surface from a distance of 20-25 cm. Most effective when applied as a 2-3 thin coats, with breaks. When finished, turn the vial upside down and clean the spray bottle by holding it down for a few seconds.
