MASKING TAPE, WHITE

Description

Masking tapes with a white crepe paper base and synthetic rubber adhesive (hot-melt), intended for construction, interior painting, decorative and industrial coatings and general masking work. Can be easily cut and must be removed immediately after painting. Intended for indoor use.

Features

Rolling resistance	10 cm
Adhesion to stainless steel (180°)	9.6 N/inch (3.8 N/cm)
Elongation during stretching	up to 3 ÷ 4 %
Paper thickness	100 µm
Tensile strength	37 N/cm (93 N/inch)
Total tape thickness	90 ÷ 110 µm
Temperature resistance	60 °C
Glue	Hot-melt (synthetic rubber)
Glue weight	20, or 21 g/m2
UV protection	No

Sizes

Length (m) - 45
Width (mm) - 19; 25; 30; 38; 48;

Storage conditions:

Store in a cool, dry place away from direct sunlight and heat sources. If the product storage requirements are followed, the product is best for 12 months.
