

Inral Decorative spray paint METAL PAINT 4 IN 1

It's a spray paint, a protective coat against corrosion, a primer and a final coat in one go. Gives old, shabby metals an attractive and durable, satin glossy shine. For metal exposed to corrosion (iron, steel sheet), e.g. garden fences, gates, banisters, gardening tools, playground devices (e.g. swings) and many others. Excellent weather, light and UV resistance. Suitable for interior and exterior applications.

Area of use:

Suitable for painting on different materials such as metal (iron, brass, steel), plastic (except PP or similar), wood, glass, stone, concrete. Incompatibility: do not apply on surfaces with residues of products containing silicones. Do not apply on polystyrene.

Advantages:

- Rust protection and top coat at the same time
- Can be used directly on rust (remove loose rust)
- Excellent protection against corrosion
- Very good adhesion and very good flow
- High layer thicknesses and high stability
- Excellent weather resistance, for indoor use and outside
- Long-lasting sealing, since top coat is also applied

Spray passes:

2-3 cross layers, spraying distance: 20-25 cm.

Drying times:

- Dust free: 10-15 minutes
- Touch dry: 30-40 minutes
- Complete dryness: 25-30 hours

Yield:

1,5-2 m² (from one 400 ml. can, one layer).

Usage:

Use between 10 and 25 °C on surfaces at the same temperature, in well ventilated environments. Remove any residual rust from the surface to be painted with sandpaper. Shake the contents of the can for at least 2 minutes. Test the paint in an inconspicuous place to check compatibility and color tone. Spray the paint from a distance of 20-25 cm. It is recommended to apply 2-3 coats within 15 min. Drying time 30-40 min., completely dry in 25-30 hours. After use, turn the can upside down and spray the valve until empty.

Base:
Alkyd

Package:
400 ml

TECHNICAL DATA SHEET

Safety data sheet:

presented separately.

Protection measures:

wear personal protection equipment (gloves / goggles). For more information, see safety data sheet.

Storage:

store vertically at +10 °C...+25 °C temperature and relative air humidity of max. 60%.

Shelf life:

10 years if appropriate storage provided.

Color tones:

Art. nr.	Color	Gloss
26-8-3-001	Jet Black	Matte
26-8-3-004	Telegrey 2	Matte
26-8-3-005	Pure white	Matte
26-8-3-006	Anthracite	Matte
